Budget discussion:

no numbers to go off of.

Treasurer out of town, no one else privy to that info. Need to correct that.
event of this nature never done by use before.

Estimating \$200-\$300 even though Spring Activity in the past has only be about \$50.

Approved by those in attendance due to discussion activity in past Committee meetings and the fact that we have extra popcorn money that needs to be used for fun boy activities.
